BrancaMenta

A journey since 1965.

The story goes that, before going on stage, Maria Callas liked to drink a glass of Fernet-Branca with a few mint leaves to make a bitter taste, fresh and subtle. This prompted research into the production of BrancaMenta a recipe containing herbs and spices, surprisingly enhanced by essential oil of peppermint from Piedmont, the finest in the world.

Renowned as an all-occasion refresher. Serve straight from the freezer for optimum results.

Tasting notes

Combines a rooty herbal bitterness with a cleansing mint freshness.

Carpano Vermouth

In 1786 Antonio Benedetto Carpano invented the first vermouth.

Carpano began life in a wine shop in Turin run by the Carpano family, as the popularity of their aperitif wines soared, the business grew into a beloved brand with a global legacy amongst vermouth drinkers and bartenders alike. Now a part of the Branca family, Carpano has stood the test of time for over two centuries and continues to be the ideal cocktail ingredient today.

Carpano Bianco

A fresh and complex aroma and an easily identifiable winery note, in addition to citrusy and exotic fruit flavours. Fresh cocoa beans and almonds complete the bouquet of this delicious vermouth.

Carpano Classico

Spicy, citrusy hints come together in a harmonious blend of flavours, complementing the wormwood notes, to give this classic vermouth a balanced and smooth unique taste.

Carpano Dry

Its aroma is characterised by a balanced and well-structured, yet not overwhelming richness of scents: candied fruit, spices, coriander, incense, lemon, essential oil.

Punt e Mes

One of the worlds most popular red vermouths. A combination of dry white wine flavoured with aromatic herbs and spices.

The story dates back to an 1870 stockbroker, caught up in a debate with a few colleagues at Bottega Carpano, ordered a Sweet vermouth laced with half a dose of bitter Quina Liqueur using a Piedmont dialect expression: “Punt e Mes” (roughly translatable as “one and a half”).

Tasting notes

Punt e Mes has a golden, orange colour with topaz tones and aromas reminiscent of herbs, with hints of quina, toffee and cloves. Pleasantly soft in taste, marked by captivating accents of zesty orange.

Seignette VS

A contemporary homage to the original Seignette cognac, established 200 years ago.

Seignette VS's fresh aesthetic and depth of flavour is set to engage a new generation of spirit-lovers and inspire bartenders with its extensive compatibility for cocktails and mixed drinks

The Seignette family can be traced back to the 17th century Western French coast, known as prominent traders in salt and cognac in the La Rochelle region. Their coat of arms is recognised by a swan, which historically populated the banks of the Charente River in Cognac, as well as being a symbol of power, grace and elegance. The swan features on the Seignette VS label in tribute to the family's legacy. Today we are proud to revive and build on the brand's long heritage, so that a new generation can enjoy the fine quality that made the reputation of Seignette Cognac.

Tasting notes

Seignette VS is a modern-day cognac with notes of dried apricot, vanilla and hints of honeysuckle on the nose, followed by oaky vanilla notes, a touch of citrus and a long, creamy finish on the palate. It's fresh, with depth and flavour

Seignette VS

The Sazerac de Forge & Fils “Finest Original” Cognac blend includes cognacs made from a number of old and rare native grape varieties.

This gives us the unique opportunity to enjoy cognac as it was 150 years ago, prior to the Phylloxera epidemic that forever changed the cognac-making process. Blended with cognacs that have aged between seven and fifty years, our cognac is complex, full of character and inevitably produced in very small quantities. It will be a challenge to find around the world, but well worth the search.

Tasting notes

Rich and floral, it is distinctly creamy in texture, showing hints of exotic spice on the palate, with a long, soft finish and a hint of natural sweetness.

Warner's London Dry Gin

Our original London Dry was a belter, but we've made it even better. We're proper proud of our new recipe. Most ingredients are grown a short stomp from the distillery. We're using fresh botanicals like lavender, angelica root, lemon verbena, because... well Real Tastes Better

For Warner's London Dry Gin we use citrus peel, taken from a local fruit factory that used to chuck its peel into landfill. Now we turn it into glorious, new-and-improved London dry gin instead. Our team distil 11 carefully selected botanicals by hand, in small batches, through our bespoke copper still "Curiosity". Every batch is distilled using water from our own spring on Falls Farm, where every bottle of Warner's is born.

Botanicals include Juniper, Fresh Discarded Lemon Peel, Coriander, Elderflower, Cinnamon, Almond, Farm-grown Angelica Root, Farm-grown Lavender, Farm-grown Lemon Verbena, Nutmeg.

Tasting notes

Bold juniper combines with the vibrant lemon verbena and peppery angelica root straight from the farm, reminiscent of taking a stroll through our botanical gardens.

Zesty lemon explodes and lingers on the palate, whilst slowly revealing subtle floral and earthy undertones

A gentle spicy finish captures the essence of the coriander, cinnamon and angelica root

Real sloe berries, some of which are hand-picked from our hedgerows, are steeped in our global award-winning Harrington Dry Gin for a month. A seriously sloe process. (Sorry.) Multi-award winning, this is one of a very limited number of Sloe Gins to have picked up a Gold Medal at the San Francisco World Spirits Competition

Real sloe berries, some of which are hand-picked from our hedgerows, are steeped in our global award-winning Harrington Dry Gin. Each year, early October, we invite every man and his dog to swap their sloes at our farm. What do they get in return? World-beating sloe gin, obviously.

Tasting notes

Rich sloe and cherry with blood oranges give a luscious nose with some sweetness and a slight sour note.

A wonderfully thick feel, with blackberry jam and a little nutmeg. Cinnamon mixes with the tart sloes and a little sweet orange to give a truly decadent experience.

The finish is long with dark chocolate, juniper and some sweetness the lingers gently on the palate.

Warner's Elderflower Gin

Warning: more than 300 elderflowers lost their heads in the making of every bottle. It's packed full of flavour. It's a cheers to Adèle, Tom's mum, who came up with the original recipe for this fine tasting liquid.

Harvested just once a year, each bottle is infused with 300 individually hand-picked elderflowers from our local hedgerows. Infused with floral notes, this liquid dances nicely on the palate and is the perfect tippie to drink during the warm Summer evenings – It's nature in a bottle.

Tasting notes

Lovely soft floral elderflower with hints of lychees and some more subtle Juniper.

A lemony zing mixes wonderfully with the elderflower giving a beautiful smooth mouthfeel like icing sugar with delicate spice and a little vanilla.

The juniper fades out leaving cardamom and cinnamon with elderflower to give a long finish with a bouquet of floral and spicy flavours lingering softly.

LIQUEUR WITH WHISKEY

Five Farms Irish Cream

Produced over in County Cork is Five Farms Irish Cream Liqueur! Single batches of fresh cream are blended with triple distilled Irish whiskey within 48 hours of being collected, with the cream sourced from five family-owned farms in the region. The bottle design and swing-top cap harks back to the early 1900s, so you can feel all authentic and that. Great in desserts or simply served on its own!

Five Farms is a true farm-to-table product, crafted from single batches of fresh cream that are combined with premium Irish Whiskey within 48 hours of collection to become authentic Irish Cream Liqueur. The cream is sourced entirely from five family-owned farms in County Cork, run by families that have a deep connection to the land and a passion for their craft.

The Five Farms container is a wide-mouthed glass bottle with embossed details, in the style that dates back to the early 1900s. Its closure is a ceramic swing-top cap, adding to the authenticity of the design and the reusability of the container. The black glass creates an elegant presentation and allows the bottle to be recycled. The bottle swings from a metal handle that is easy to carry and gives another nod to milk containers of the past.

Tasting notes:

An inviting nose of butterscotch, caramel fondue, and vanilla bean jumps from the glass. The lush palate coats the mouth with flavors of coffee with fresh cream, dulce de leche, coconut, maple, and Belgian waffles. An intensely satisfying after dinner sipper in place of dessert.

RUM

Trash & Treasure Spiced Botanical Rum

Take what you know about rum and throw it in the trash, because the trash is where we found our best idea yet. We took the things no-one wanted and made them into something no-one could ignore. We took dandelion roots, over-ripe bananas and discarded citrus and transformed them into something delicious, Trash & Treasure Botanical Spiced Rum.

We take a weed, the dandelion. Once mature, we harvest, dry and roast the root to create a uniquely British spice. We extract the flavour from our botanicals using white Jamaican rum in two ways. Firstly, our roasted dandelion root is distilled with over-ripe brown bananas, orange peel waste, farm-grown lemon verbena and spices including smoky black cardamom, cinnamon and sichuan peppercorn.

Tasting notes

Fresh orange and grapefruit erupt from the glass, with aromas of sponge pudding, caramel and honey

A soft and creamy sweetness with a delicious combination of dandelion & sichuan spice, vanilla and cinnamon

A super tasty finish with a toasted earthiness, hints of vanilla, banana and orange

Tuaca

Tuaca is an enticing blend of Italian Brandy, Mediterranean Citrus and Vanilla Spice. It has a storied history with a recipe that remains much the same as when it helped fuel the Italian Renaissance. Tuaca is a fine spirit with subtle notes of vanilla and citrus, hints of butterscotch, cola, dried fig and other flavors that reveal themselves uniquely to each individual drinker. The result is a complex and versatile flavor that can be enjoyed chilled or used to bring new life to your favorite cocktail.

Legend has it that the liquid was first blended to commemorate Lorenzo de Medici. Remembered as The Magnificent, Lorenzo ruled over Florence, Italy in the 15th century and was a generous benefactor to artists who ultimately defined this remarkable time. The resulting recipe created in his honor has since survived more than 500 years.

The fine brandy used to make Tuaca comes from a town east of Roma named Anagni, known for producing some of the finest grapes in Italy.

In the 1930s, brothers-in-law Gaetano Tuoni and Giorgio Canepa recreated the recipe and named it Tuaca, a combination of their last names. And During World War II, American servicemen stationed in Livorno, Italy discovered the unique flavor of Tuaca and searched for it, albeit in vain, upon their return to America. In the late 1950s, an astute importer from San Francisco brought Tuaca to the United States to begin its reign as the perfect spirit to turn an ordinary night into one you will remember forever.

Brandy comes alive when wine is distilled. Traditionally poured neat, it's no wonder our blend serves perfectly in a shot glass. Though you can find brandy across the winemaking world, ours is proudly Italian and finished with citrus and vanilla. That's why it brings a surprising twist to traditional brandy cocktails. For those looking to try a brandy blend that's anything but ordinary, Tuaca, and then...

Ming River

The original Sichuan Baijiu.

A traditional Sichuan baijiu that's produced at the oldest distillery in China, which began producing baijiu in 1573. Ming River used sorghum grain fermented with wild yeast and other microorganisms for two to three months in earthen pits. Most mash is then recycled into the next batch with fresh grain to develop distinctive flavours over time. The mash is batch-distilled in a traditional Chinese pot-still and rested for at least two to three years. Their master blender then balances the complex flavours to perfection. Ming River seeks to introduce baijiu to a new audience of cocktails-lovers, championing Chinese spirit education and engaging the international spirits community. Ming River is 45% ABV and can be consumed neat as a traditional baijiu or in a wide-range of cocktails.

Buffalo Trace

Buffalo Trace Kentucky Straight Bourbon is the flagship Bourbon from the most awarded distillery in the world. Ancient buffalo carved paths through the wilderness that led American pioneers and explorers to new frontiers. One such trail led to the banks of the Kentucky River where Buffalo Trace Distillery has been making bourbon whiskey the same way for more than 200 years.

In tribute to the mighty buffalo and the rugged, independent spirit of the pioneers who followed them, we created our signature Buffalo Trace Kentucky Straight Bourbon Whiskey. Handcrafted using the finest Kentucky and Indiana corn, selected rye and superior malted barley. Aged in new American oak barrels, Buffalo Trace is generally accepted to be the most rounded of bourbons. Its perfectly balanced flavour of sweet, smoke and spice leave a smooth, long finish; simply everything you could desire in a bourbon.

For more information visit www.BuffaloTrace.co.uk or get in touch @BuffaloTraceUK.

Tasting notes

This deep amber whiskey has a complex aroma of vanilla, mint and molasses. Pleasantly sweet to the taste with notes of brown sugar and spice that give way to oak, toffee, dark fruit and anise. This whiskey finishes long and smooth with serious depth.

Benchmark

In 1773, three McAfee Brothers named James, George and Robert left Virginia westward to explore the uncharted territory that would later become known as Kentucky. Traveling by canoe at first, the McAfee Company eventually followed a native trail overland that led to the great buffalo crossing, where the brothers surveyed the land now home to the world's most award-winning distillery – Buffalo Trace Distillery.

The surveyor marks left behind are known as benchmarks and this bourbon whiskey honours the pioneering spirits of these early American explorers. Despite its entry-level bourbon price tag, this Bourbon is nothing to be scoffed at. For over 200 years, the Buffalo Trace Distillery has been defined by a dedication to one craft; making fine bourbon whiskey, and this is no exception. Gently aged in new American oak barrels for up to four years, this rye recipe Kentucky Straight Bourbon delivers incredible flavour.

Tasting notes

The nose bears caramel notes with a delicate stone-fruit backdrop. A robust and sturdy palate with some fine leather notes mingling with dry tobacco, a touch of oak and a hint of dried cherries. The finish is smooth and calming.

White Dog

White Dog is the affectionate name given to new-make spirit often known as 'moonshine'. This raw, high proof spirit coats the mouth with sweet corn and vanilla.

In Kentucky, buffalo carved a pathway followed by America's first explorers. Those brave pioneers distilled 'whiskey' using traditional methods and drank it right off the still. This raw distillate was clear, un-aged and had a hint of sweet corn.

Old Rip Van Winkle

Our legendary Pappy.

This entire endeavor started with one man and his philosophy of product over profit. Julian "Pappy" Van Winkle hadn't always planned to enter the bourbon business, but his impact on the industry continues to be felt four generations later.

As he put it, he "simply tried to be honest and make a good product." It was that simple to him, and it has stayed that simple for more than 100 years.

Old Rip Van Winkle 10yr

The extra aging gives this older whiskey the smooth, mellow flavour that blends well with the barrel proof. The wheat in the recipe is quite obvious as this delightful bourbon passes over your tongue.

Van Winkle Special Reserve 12yr

The 12 years of aging and medium proof of 90.4 gives Van Winkle Special Reserve the perfect combination of age and proof. This sweet, full bodied whiskey has been described by some as "nectar."

Pappy Van Winkle's Family Reserve 15yr

The whiskey in this bottle was produced according to an exclusive family wheated recipe and was specially selected from barrels in the heart of the Pappy warehouses in Kentucky.

It's remained undisturbed for 15 years to age in deep-charred heavy oak.

Pappy Van Winkle's Family Reserve 20yr

Pappy Van Winkle's Family Reserve is aged an unheard of 20 years, and bottled at 90.4 proof, the result is this wonderfully smooth and rich whiskey.

No other bourbon today can stand 20 years of aging, but this bourbon does it with style.

Pappy Van Winkle's Family Reserve 23yr

Only the most careful and expensive distilling method can be used to create a whiskey as special as this one.

These barrels were carefully selected from the heart of the warehouse after twenty three years of aging. This signature whiskey is best enjoyed neat.
